

Finding the right way to say "I'm sorry for your loss...hope you feel better...Happy Birthday...Job well done" can be difficult. Sometimes a gift is too much, and yet a card is not enough.

At LibertyHealth Foundation, we have designed a way to help you express your feelings. By making a contribution to the Foundation's Tribute Program - whether it's during a time of grieving or happiness, despair or achievement - you will let your family, friends and loved ones know you care.

In addition, by making a donation to the Foundation's Tribute Program, you are also helping to enhance the lives of others. A contribution to the Tribute Program enables LibertyHealth to continue administering quality health care and medical services to all those in need.

THE TRIBUTE PROGRAM

Any level of donation is available as part of the Tribute Program. Also, the honoree, or his/her family, will receive a formal card acknowledging your generosity.

You may also choose which of our organizations receives the benefit of your gift. To select, be sure to check the appropriate box.

To make your contributions to the Tribute Program, you may call the Foundation office at 201-377-6057 or mail in the attached order form with your check. Please feel free to call us for current donor recognition and naming opportunities.

The Foundation greatly appreciates all contributions received. Your thoughtfulness and generosity not only helps those close to you, but also those in need of medical services offered throughout the greater Hudson County Region. LibertyHealth includes Jersey City Medical Center, Greenville Hospital, Meadowlands Hospital and its affiliated services.

Please complete the following information and send it together with your check payable to:

**About LibertyHealth
Foundation**

OUR MISSION

The mission of The Foundation, which is managed by a voluntary Board of Trustees, is to raise private funding to support the vital services of LibertyHealth. The Foundation, since its very beginning, has identified the community's most pressing patient needs and implemented successful funding campaigns to meet these needs.

Recent funds have been raised from foundations, corporations and individuals to provide medical equipment, facility renovation, patient transport vehicles and assistance for at-risk patient populations. These resources have assisted a full range of high-risk infants and pregnant mothers, seriously injured community residents at the scene of a serious accident or casualty, to the developing corporate and residential waterfront markets. Our hospitals were integral to the evacuation and care of World Trade Center victims on September 11, 2001.

In 2003, LibertyHealth Foundation received approval for the prestigious Kresge Foundation for a challenge grant.

About LibertyHealth

LibertyHealth is the region's largest, not-for-profit, health care provider in Hudson County. As an integrated health system, its services range from high tech inpatient care, to outpatient surgery and neighborhood health centers. LibertyHealth includes Jersey City Medical Center, Meadowlands Hospital and Greenville Hospital. LibertyHealth's mission is to provide the highest quality of health care to all regardless of ability to pay for services.

LibertyHealth has a special focus meeting the regional needs of the community in the following service areas:

- Women's health
- Infant, child and adolescent health
- Trauma, emergency and rehabilitative care
- Cardiac care
- Medical education
- Cancer care
- Psychiatric care
- Family health
